The Symposium is organized with the focus of bringing together Hungarian scientists from any country working on computational intelligence and its applications with the aims at providing an opportunity for sharing and discussing the recent research developments in this field.

The idea is to have a small number of lecturers and participants in a relaxed and informal atmosphere.

Venue

The Symposium will be held in building of Budapest Tech (Rooms F7 and F8, Bécsi út 96/B, H-1034 Budapest, Hungary).

Language

The official languages of the Symposium are English and Hungarian. All the camera-ready manuscripts should be submitted in English, the presentations can be made either in English or in Hungarian

Submission of Papers

There are invited and regular papers. Authors are kindly asked to submit their paper through electronic paper submission system. Papers sent by e-mail are not acceptable.
