HISTORY OF THE INSTITUTE

Under the leadership of the President of the Republic of Uzbekistan, Sh.M. Mirziyoev, consistent reforms in the field of irrigation and agricultural mechanization, which have been carried out in the field of personnel training, are yielding high results.

In particular, taking into account the ever-expanding scope of land reclamation problems, as well as the specific characteristics of the mineralization and salinity of agricultural lands in some regions of our republic, and in order to train highly qualified specialists in this most important field of the country's economy, the **“TIAME” NRU Bukhara Institute of Natural Resources Management** The decision of the Cabinet of Ministers dated August 20, 2010 No. 182 on the establishment of the branch was a great impetus in the development of the industry. **“TIAME” NRU Bukhara Institute of Natural Resources Management**, established on the basis of this decision, managed to take a place among the prestigious higher educational institutions of the republic in a short period of time.
