

Anikó Costa

Universidade Nova de Lisboa,
Portugal

TITLE

ABSTRACT

CV

Anikó Costa is an Assistant Professor in the Department of Electrical and Computer Engineering at NOVA University Lisbon, and a Senior Researcher at CTS-UNINOVA. She has a PhD in Electrical and Computer Engineering with specialization in Digital Systems. Her research focuses on Petri Nets, Embedded Systems, Hardware/Software Co-Design, and reconfigurable platforms for cyber-physical systems. She has developed innovative model-driven approaches for distributed controllers and has been cited by over 848 researchers worldwide. Professor Costa is an active member of the IEEE. She is the Chair of the Education Chapter of the Portugal Section and former Chair of the Women in Engineering Portugal. She also vice-president of the WoSTEM (Women in STEM) initiatives.
